**Manufacturing and Industrial Securities**  
Our offerings comprise the stocks of well established and successful corporations. They are tax exempt. Their dividends are regular and satisfactory and they are strongly safeguarded.  
They can be purchased at prices that will yield from 5 to 7%.  
They are equally well adapted to the requirements of trustees and small investors and can be substituted, to good advantage, for issues giving a relatively low yield.  
Our November circular gives full information as to their merits.
